

FABRICATION 1100 – FABRICATION PRINCIPLES

FAB1100

1 Credit Course

ALTERNATIVE EDUCATION

Course Overview	Students investigate and apply fundamental principles of fabrication to build an artifact or structure from common structural materials.												
Prerequisite	<i>Please refer to Alberta Education's Provincially Authorized Senior High School Courses and Course Codes Document</i>												
Required Materials & Resources	All materials, tools, and machines are provided in our CTS lab												
Learning Outcomes	<i>The student will demonstrate an ability to:</i> 1. identify and describe the principles of separating, forming and combining materials 2. describe the characteristics and give examples of permanent, semi-permanent and temporary fastening 3. demonstrate basic fabrication skills and techniques, using simple hand and power 4. demonstrate basic competencies 5. make personal connections to the cluster content and processes to inform possible pathway choices												
Note	<i>Within Alternative Education all teachers are required to follow a common course outline and gradebook set up.</i>												
Assessment	The student's grade is determined by the knowledge the student has acquired based on the program of studies and the skills the student is able to show in articulating his or her knowledge. The student's grade will be calculated based on the following: Coursework – 100% <i>*There is no final exam for this course</i>

ASSIGNMENT	DESCRIPTION												
1	Safety Practice in Lab												
2	Knowledge of Processes												
3	Skill Demonstrated												
4	Quality of Workmanship												
5	Cooperativeness with Crew												
An Important Note About Assessment	A wide range of assessment information is used in the development of a student's final grade. Within Alternative Education, individualized assessments provide specific information regarding student progress and overall performance in the course. Student assessments may vary from student to student to adapt to differences in student needs, learning styles, preferences and paces. The teacher will apply best teaching practices to determine appropriate assessment.
